

ALEAT 2.2 Build

New Functions

LEA List Page

08-09 is now a drop down link

LEA Overview Page

Shows future links for schools to use in developing their school plan.

Monitoring – Instrument Overview Page

 Communication bubble

LEAs and ADE will be able to post communication regarding monitoring and have the capability to send it to individuals associated with LEA (pre-populated).

- LEAs can now use this communication bubble to let ADE reviewers know when they have completed their compliance activities or if they have additional questions.
- Reviewers can send out reminders that items need to be completed.
- When determinations are made and "Needs Further Action" or "Accepted" the email communication will tracked through this communication bubble.

This will allow tracking for all communication with the monitoring instrument.

Compliance standing for monitored items

LEAs able to now see the ADE reviewer's findings as well as comments.

Documentation

Can now open .docx and .xlsx document on LEA side as well as ADE.

Consolidated Plan

Manage Goals link

LEAs are able to add their own LEA Goal. These goals are not to replace the state's overarching goals but the LEA may add additional goals that they are working on.

Communication

LEAs to communicate to their ADE Reviewer should use the view History link and submit to the state and their ADE Reviewer will respond using this link. This will help track the communication between the LEA and ADE as the LEA develops their plan.

Filing Cabinet

LEA can now associate a document to 1 or more monitoring items as well as to a goal or strategy in their consolidated plan.
